

WORKSHOP
On
“DNA Methylation and Gene Expression Analysis”

Date: 16th & 17th February 2024

Venue: Human Genetics Unit, Indian Statistical Institute, 205 B.T. Road, Kolkata-700 108.

About the Workshop:

The workshop designated to give participants a combination of lecture, demonstration and hands on laboratory experience in DNA methylation and gene expression. The hands on exposure will add clear concept about working of the quantitative Real Time PCR along with Pyrosequencing and steps involved in RNA isolation, quantification, cDNA synthesis, setting of RT-PCR, DNA isolation, bisulfite conversion, setting of Pyrosequencing and analysis of results. Hands on experimental exposure will help the delegates to understand and apply the techniques in their project/Thesis work.
